Other required information – READ THIS CAREFULLY!

You may also be required to submit an essay or personal statement, a resume, and/or information about the classes you have taken in high school and the grades you earned. To best prepare for CAW, be sure to bring the following with you:

- your high school transcript (and college transcripts, if you’ve taken any college courses), which should be available for your high school registrar or counselor;
- an activities resume that includes your extracurricular activities, including information about which years you participated in each club, sport, or activity;
- final proofed electronic copy of your essay, personal statement, and any required supplemental questions on a flashdrive or saved wherever you keep your school work.

Remember that your college applications are not complete until you have submitted ALL required documents. That may include your official high school transcript, official test scores (ACT, SAT, GED, etc.), and letters of recommendation. Make sure to check in with your counselor, the testing company, and your recommenders.
