

IT'S A PLAN: 12TH GRADE CHECKLISTS

The senior year is critical for students to meet deadlines and complete forms as part of the college application and financial aid process. Therefore, Oregon GEAR UP created a series of comprehensive checklists for educators, students and families that address key action items for each month. In addition, there are printable handouts, links to resources, and communication tools like weekly text messages and Facebook posts.

INSTRUCTIONS

1. **Get a team.** It's important to provide a network of support. Include administrators, teachers, parents and students to help share these messages.
2. **Make a communications plan.** Determine when and how you will share information to students and families; consider more than one method. Make sure you have students and families cell phone numbers, e-mails or mailing addresses if you plan to communicate in those ways.
3. **Download** each month's checklists and communication tools as one PDF file and any additional resources; print the resources that you want to use.

KEY TERMS:

PREVIEW DAYS are one option for visiting colleges where you've been admitted. You'll get to meet potential classmates, tour the campus, and learn more about what it will be like to be a student there. There will probably be presentations especially for parents, too. Some students prefer to visit colleges on non-Preview Days because they'd rather not be part of a large group. Either option is fine, as long as you're using the opportunity to get to know your potential new school!

NOTES:

NEXT MONTH: Keep up the good work; confirm summer plans.

FEBRUARY

The key deadline this month: the Oregon Student Access Commission (OSAC) Scholarship Application is due **March 1** (even better – if your student gets it in by **mid-February** he or she will be eligible for an early bird scholarship drawing of \$500). This one application lets your student apply for over 450 different scholarships just for Oregon residents.

One student who won a full scholarship for four years of college put it best: “Applying for scholarships can be the best part-time job you’ll ever have.”

1 Continue to apply for scholarships.

- Offer to help edit or proofread your student's scholarship essays.
- Help your student search for scholarships online and check with your employer or organizations you might be a part of for scholarship opportunities.
- Remind him/her of key deadlines, especially the OSAC application due on March 1.

4 Confirm FAFSA info.
